

Massage Therapy Benefit FAQ – Salem Health

What is the massage therapy benefit in 2024?

The Plan will cover services of licensed massage therapists. Benefits will be limited to a \$1,000 annual maximum and once the maximum is met, no additional benefit will be issued. To be covered, services must be within the scope of the massage therapist’s professional provider’s license. Services can be provided by both in-network and out-of-network providers.
