

Stay **covered and healthy** while traveling

Go ahead, explore the world. When you're traveling, care is never far. Our travel network comes with all our medical plans. As one of our members, you're covered wherever you go.

No one wants to deal with health issues while traveling. But sometimes things come up. So we've made it easy to find in-network medical care in your hometown and across the country.

Find a provider, fast

As a member, you can tap in to the Aetna Signature Administrators® Network when traveling outside your home state. This comprehensive nationwide network includes more than 1.5 million participating physicians and specialists, and 6,000 hospitals and other medical facilities. Just use the Find Care tool at modahealth.com to locate a provider.

Get care just like at home

If you or a dependent needs medical care on the road, you're covered. It doesn't matter if it's for an emergency or simply an urgent need.

At your appointment, pay your copay as you would back home. The provider will submit your claim, and we'll confirm the provider's in-network status and then pay it as usual. Just note, this benefit won't kick in if you travel outside your primary network specifically to seek care*.
