

HIGH DEDUCTIBLE PLAN – NOTICE OF NON-CREDITABLE COVERAGE

Important Notice from Salem Health Hospitals & Clinics About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Salem Health Hospitals & Clinics and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are three important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Salem Health Hospitals & Clinics has determined that the prescription drug coverage offered through the High Deductible Plan with Moda Health is, on average for all plan participants, **NOT** expected to pay out as much as standard Medicare prescription drug coverage pays. **Therefore, your coverage is considered Non-Creditable Coverage.** This is important because, most likely, you will get more help with your drug costs if you join a Medicare drug plan, than if you only have prescription drug coverage from the High Deductible Plan. This also is important because it may mean that you may pay a higher premium (a penalty) if you do not join a Medicare drug plan when you first become eligible.
3. You can keep your current coverage from High Deductible Plan. However, because your coverage is **non-creditable**, you have decisions to make about Medicare prescription drug coverage that may affect how much you pay for that coverage, depending on if and when you join a drug plan. When you make your decision, you should compare your current coverage, including what drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area. Read this notice carefully – it explains your options.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th.

However, if you decide to drop your current coverage with Salem Health Hospitals & Clinics, since it is employer sponsored group coverage, you will be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan; however you also may pay a higher premium (a penalty) because you did not have creditable coverage under the Salem Health Hospitals & Clinics plan.

What Happens To Your Current Coverage If You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, the following options may apply:

- If otherwise eligible under the terms of the plan, you may stay in the High Deductible Plan and not enroll in the Medicare prescription drug coverage at this time.
- COBRA may be terminated when, *after* having elected COBRA continuation coverage, you enroll in Medicare. Otherwise, you may stay in the High Deductible Plan and also enroll in the Medicare prescription drug plan. The High Deductible Plan will be a **secondary payer** for prescription drugs and Medicare Part D will be a primary payer.
- You may decline coverage in the High Deductible Plan and choose to enroll in Medicare as the only payer for all medical and prescription drug expenses. If you do decide to join a Medicare drug plan and drop your Salem Health Hospitals & Clinics coverage, you can re-enroll in the plan at Open Enrollment, or if you experience a qualifying Status Change.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

Since the coverage under High Deductible Plan is **not creditable** for the plan year, and depending on how long you go without creditable prescription drug coverage you may pay a penalty to join a Medicare drug plan. Starting with the end of the last month that you were first eligible to join a Medicare drug plan but didn't join, if you go 63 continuous days or longer without prescription drug coverage that's creditable, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
