Absence Management Overview

Overview: Absence and Disability

Federal: FMLA

- Enacted at the national level
- FMLA does not supersede any state or local law that provides greater family or medical leave rights that are more generous
- Common type is FMLA

Federal: ADA

- Federal civil rights law that prohibits discrimination against people with disabilities in everyday activities
- Requires employers to engage in an interactive process to determine and implement a reasonable accommodation for the employee
- An employee must be qualified to perform the essential functions or duties of a job, with or without a reasonable accommodation
- Reasonable accommodations are adjustments or modifications provided by an employer to enable people with disabilities to enjoy equal employment opportunities

State: OFLA & Sick Child Leave

- Enacted at the state level
- Differs from FMLA based on legislation passed
- Unpaid
- Complements and goes beyond federal
- Eligibility requirements differ from federal
- Sick Child Leave can be taken when your child has an illness, injury or condition that requires home care but is not serious, or to care for a child whose school or place of care is closed because of a public health emergency

State: Paid Leave

- Enacted at the local level
- Differ based on legislation passed
- Local leaves control the policy and requirements
- Funding differs based on the legislation
- Is a paid benefit to the employee
- Pay and job protection have different eligibility requirements. You could be eligible for one and not both

STD and LTD

- Vary depending on the customer and carrier policy
- Policies can be insured by the customer or by the carrier
- Policies and definitions are written and controlled by customer or carrier

Oregon Paid Family and Medical Leave & Oregon Family Leave Act

Key Legislative Highlights

Amendments to OFLA and Sick Leave Rules

The Standard anticipates minimal need for system adjustments.

- Definition updates: family member, domestic partners, pregnancy disability leaves
- Eligibility rule: hours of protected leave (including OFLA) now must be included

Senate Bill 1514

The Standard will continue to be proactive with information as provided.

- Addresses solvency of the state's Paid Family and Medical Leave Insurance Fund

Senate Bill 1515

Direction needed from BOLI (informational webinars are typical). The Standard expects changes to apply only on or after 7/1.

- PFML and OFLA: concurrency eliminated, maximum leave amounts adjusted, and calendar method change reminder/alignment
- OFLA: leave reasons excluded/updated, addresses family members working for same employer, eliminates prior notice requirement (PDL), and modifies predictive scheduling law
- PFML: leave reasons added, accrued paid leave rule updated, WC time loss clarified, excludes federally recognized tribes, and garnishment exemptions

The Standard's Insurance & Leave Legislative Involvement

Oregon Insurance Advisory Committee Member

A group of 15 individuals representing insurance companies, producers, and consumer advocates that **supports and advises Oregon's Insurance Commissioner.**

We have served on the Executive Committee since 2021.

Rulemaking Advisory Committee Participant

Interested parties and stakeholders appointed by agencies to **help develop rules.**

In addition to committees related to insurance and Paid Leave Oregon, our recent participation has included a committee to evaluate and provide feedback on Bureau of Labor and Industries rules pertaining to the Oregon Family Leave Act and Sick Leave.

OR PFML Equivalent Employer Plans Working Group

The Standard has worked closely with both the Department of Consumer and Business Services and the Employment Department to **assist them in integrating insurance regulation with Paid Leave Oregon,** formulating filing guidance for Equivalent Employer Plans, and understanding and resolving nuanced and novel claim issues.

OR PFML & OFLA Harmonization Advisor

The Standard helped to raise awareness among Legislators of the need to **harmonize Paid Leave Oregon with the Oregon Family Leave Act,** and then provided significant support and advice to our partners at Oregon Business and Industry as they led negotiations on recent legislation to align leave laws.

The Standard participated actively and deeply in the development of the legislation that would become Paid Leave Oregon, through written public comments, oral testimony, and one-on-one sessions with legislators.

Key Highlights

Amendments to OFLA

- Eligibility rule: average hours per week now include protected leave (including OFLA)
- Definitions of family member, child, parent updated. Affinity is now a covered relationship and factors are provided to help make this determination. Employers may require the employee to attest in writing whether there is a significant personal bond.
- Domestic partners are no longer required to be the same gender as the employee.
- Modification to the definition of pregnancy disability leave, now includes fertility treatments.
- As of July 1, 2024, all employers will be required to use the 52 consecutive weeks beginning on the preceding Sunday method to determine the OFLA leave year (aligns with PFML).

Key Legislative Highlights

Senate Bill 1514

- Requires director of the Employment Department to periodically assess solvency of the state's PFML fund. Solvency is based upon ability to pay at least six months of expenses.
- Assessment includes administrative expenses, number of grant applications, average amount of weekly benefits paid, data on birth rates.
- If the fund is – or may be – insolvent, the director can adjust the maximum and weekly benefit amounts or reduce the number of weeks of entitlement.

Key Legislative Highlights

Senate Bill 1515 – effective July 1, 2024

- OFLA leave cannot be taken concurrently with PFML.
- OFLA no longer covers serious health condition, parental (bonding), or care of a family member.
- OFLA will continue to cover:
 - Care of a child who requires home care (now includes those with a serious health condition)
 - Care of a child due to closure of a school or childcare provider during a public health emergency
 - Bereavement
 - Pregnancy disability
 - Effectuation of legal process for foster care or adoption (for a limited time)
- Removes the 16/18-week combined OFLA/PFML entitlement cap.
- OFLA leave will generally be 12 weeks, with 12 additional weeks for pregnancy disability. Different entitlement amounts apply to bereavement leaves.

Key Legislative Highlights

Senate Bill 1515 – effective July 1, 2024

- Previous combined maximum leave entitlement between PFML and OFLA has been removed. Employees will continue to be eligible for 12 weeks of PFML benefits, with two additional weeks for pregnancy-related conditions.
- Employees are entitled to use other forms of paid leave — together with PFML benefits — as long as the combined amount does not exceed 100% of the employee's full wage replacement.
- Employers have the option (but are not required) to permit employees to utilize accrued paid leave in combination with PFML, even when it could exceed the 100% cap.
- Employers can determine the order in which accrued paid leave is used, though this is subject to collective bargaining or other agreements.
