

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, contact Moda Health at www.modahealth.com or by calling 1-855-425-4543. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms, see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary or call 1-855-425-4543 to request a copy.

Important Questions	Answers	Why This Matters:
<p>What is the overall deductible?</p>	<p>For Tier I (Salem Health Hospitals & Clinics and facilities): \$1,700 for subscriber only coverage / \$3,400 for family; for Tier II (Connexus network): \$1,700 for subscriber only coverage / \$3,400 for family coverage; for Tier III (Connexus network): \$3,500 for subscriber only coverage / \$7,000 for family coverage; most out-of-network providers are not covered. Services by Tier IV providers apply to Tier III deductible.</p>	<p>Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, the overall family deductible must be met before the plan begins to pay.</p>
<p>Are there services covered before you meet your deductible?</p>	<p>Yes. Examples of some services: Most Tier I, Tier II and Tier III preventive care, as well as in and out of network value tier medications are covered before you meet your deductible.</p>	<p>This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.</p>
<p>Are there other deductibles for specific services?</p>	<p>No.</p>	<p>You don't have to meet deductibles for specific services.</p>
<p>What is the out-of-pocket limit for this plan?</p>	<p>For Tier I: \$3,200 for subscriber only coverage / \$6,000 for family; for Tier II: \$4,000 for subscriber only coverage / \$8,000 for family; for Tier III: \$6,000 for subscriber only coverage / \$12,000 for family; most out-of-network providers are not covered. Services by Tier IV providers apply to Tier III out-of-pocket limit.</p>	<p>The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, the overall family out-of-pocket limit must be met.</p>
<p>What is not included in the out-of-pocket limit?</p>	<p>Premiums, balance-billing charges, expenses incurred due to brand substitution and health care this plan doesn't cover.</p>	<p>Even though you pay these expenses, they don't count toward the out-of-pocket limit.</p>

Important Questions	Answers	Why This Matters:
Will you pay less if you use a network provider ?	Yes. See www.modahealth.com or call 1-855-425-4543 for a list of network providers .	You pay the least if you use a provider in Tier I (Salem Health Hospitals & Clinics and facilities). You pay more if you use a provider in Tier II or Tier III (Connexus network). You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
